Valérie Albaret

For 20 years now, Valérie Albaret has been communicating kids her love for tennis.

She is direct, encourages and gives them advice to show them what:

confidence – excelling oneself – respect – victory... means ...

According to her, these qualities are necessary for the blossoming of our “dear little ones”.

A true mark of her qualities as a coach, Valérie Albaret is the only official representative of the Bollettieri* Tennis Academy in France.

*Nick Bollettieri is without question the very coach that changed tennis most in the last 40 years. We owe him quite a few ATP No 1s. (Agassi, Seles, Sharapova and many top ten players...).

The Évolutiv' Tennis® Method

With a wealth of experience with the under-12s and her knowledge of the American method for champions, Valérie Albaret has developed her own teaching method: **Évolutiv' Tennis®**.
